Current News

Customers,

We are pleased to announce our continued growth and scope in handling customer sensitive information. We have been registered for years now with the DCA to handle **ITAR** information. We are continuing the compliance of the newly approved CMMC model.

We have several new faces at STP.

Pete Mathews has retired. **Mark Swetzig** has joined the STP team as the Production Manager. Mark moved from California and brings 30 years of experience in coatings.

Aaron Waltz is our new Quality Manager. Aaron brings years of experience in chemical processing to the NADCAP standards. He will be supporting us on several upgrades to our processing lines.

Terry Gardona is a new sales representative as we continue our growth. He will support new programs and customers.

We will continue our commitment to continuous improvement to support excellent value including:

- Short lead times, ramping back up to a full second shift
- Customized costing to your needs
- Certified quality performance

Please give us an opportunity to show you how we can be a truly value-added supplier for years to come. Visit us on our website at www.performancecoating.com

Best Regards,

Ren Courey

General Manager
